Tea Statistics 2003-2004 is the fiftieth issue of publication in the series published by Tea Board, Kolkata. Encouraged by the response received from Tea Industry and Trade in respect of earlier publications attempts have been made to incorporate up to date and exhaustive information as far as possible in this issue for use of Tea Industry and Trade.

Research workers, Economist as well as individuals, national and international institutions have in the past found this publication very useful for a systematic and scientific study relating to tea industry and trade. Hope this issue will carry this objective and prove it to be more useful.

Some of the tables have been reoriented according to the present need and I hope this will be very much helpful for the users.

I place on record the appreciation for the contributions made by Statistics Branch and thanks to those Officers and staffs for bringing out this publication who have put in their valuable assistance and hard work in accomplishing this task.

INDIA IN THE INTERNATIONAL PERSPECTIVE

1. Introduction:

The calendar year 2003 ended with mixed feature of whopping improvement in tea crop and significant decline in export over 2002. However, the prices of tea sold at All Indian auction registered a marginal improvement during 2003 over 2002. Consecutive decline in prices during the last few years at Indian auctions put the Indian tea producers particularly the small growers into difficulty. The poor health of the industry has become a cause of concern for the Tea Industry, Tea Board and Government.

During the calendar year 2003, the all India tea production recovered from the previous year's setback to reach 878.13 M.Kgs as against 838.47 M.Kgs of last year and thereby registering a gain of 39.66 M.Kgs over 2002. The increase in production of tea was contributed by both the North and South Indian tea-growers to the extent of 16.53 M.Kgs and 23.12 M.Kgs respectively during 2003 over 2002, due to favourable climatic condition prevailed in both the region. The North Indian tea outturn shows an improvement in the months of January, March, April, May, August, October and December, whereas in the months of February, June, July, September and November decline in production was noticed during the year 2003. At the close of the year North Indian production stood at 648.28 M.Kgs as against 631.75 M Kgs of 2002. The crop pattern in South India was a little erratic with losses in the months of January, February, June and October and gains in the months of March, April, May, July, August, September, November and December. At the end of the season South Indian production stood at 229.85 M.Kgs as against 206.73 M.Kgs of 2002.

At the close of the calendar year 2003, Indian tea export witnessed a decline in both volume and value, whereas the unit export price has registered an improvement over 2002. All India export volume reached the level of 173.68 M.Kgs as against 201.00 M.Kgs. and the value of export stood at Rs 1590.21 Crs as against Rs 1753.39 Crs in 2002. So the decrease in both quantum and value realization was to the extent of 27.32 M.Kgs and Rs 163.18 Crs respectively over 2002. The major cause for the overall decline was decline in shipment to Iraq to the tune of 30.81 M. Kgs compared to last year. However, the unit export price has achieved a gain of Re. 4.33 per Kg. in 2003 over 2002. Annual average prices of all tea at Indian auction have shown a marginal improvement of Re. 0.07 per kg or 0.13 % during 2003 over 2002.

The global production of tea in the calendar year 2003 registered an increase compared to the level achieved in 2002, whereas the global exports shows a decline due to decline in exports of tea from India, Vietnam, Kenya, Indonesia, Tanzania and Bangladesh etc. The International prices of tea (in US\$ term) at Auctions registered an increase in respect of tea sold at Indian, Mombassa, Chittagong (Bangladesh) and at Limbe (Malawi) Auction, whereas the prices of tea sold at Colombo (Sri Lanka) and Jakarta (Indonesia) Auction registered a decline during 2003 over 2002.
